3rd June

Mabo Day

Although Jai is fairly new to the disability sector, he has proven to be an awesome asset to the PTBL support team.

He is always putting his hand up to help and has a genuine passion to be able to help others reach their full potential

When he isn't working Jai enjoys being outside whether that be for a game of golf, hiking, skateboarding, fishing or even catching a nice sunset. He especially loves being able to go to music festivals and spending quality time with his friends and family.

If you would like to find out more about Jai, please head over to our website to read his BIO or contact our office at 1300 702 845.

Charlie Adrian McMillan

06/07/2000 – 14/06/2021

This month marks the first anniversary of Charlie McMillan's passing.

It has been an extremely difficult year for Katie and her family as they endure the usual times of family celebrations for the first time without Charlie.

The first anniversary of Charlie's death on the 14th of June will be another of these difficult occasions and our thoughts will be with Katie and her family at this time.

Katie takes comfort in knowing that there are families with parents and children whose lives have been saved or bettered by the receipt of Charlie's donated organs.

We all remember Charlie for the beautiful human he was.... today and always.

"Those we love don't go away; they walk beside us every day. Unseen, unheard, but always near; still loved, still missed and very dear to us."
