PTBL Partners

Pathways to Better Living have been fortunate to have crossed paths with many wonderful companies who provide a wide range of services. These businesses form the Pathways to Better Living network and are an invaluable resource to both us and/or our participants.

Project Make Lemonade is based on the Tweed Coast and has the advantage of engaging with the NDIS from both a participant and provider perspective. It is their lived experiences that inspire them. We see a need to provide positive, creative and proactive supports, as they know first-hand how thoughtful the implementation of your NDIS plan can improve lives by giving back choice and control to individuals and their families.

Their vision is to provide relevant quality and personal supports to empower their clients for an improved and sustainable future through choice and control.

Their Services Include Plan Management, Support Coordination and Support workers.

For more information about PML please visit their website at:

SUPPORT WORKER OF THE MONTH

PTBL would like to recognise each member of our amazing Support Team. This month we would love to introduce Ryder to everyone and say Thank You for all your support and hard work

Upcoming events this month

With each upcoming event this month we have decided to include ways in which we can celebrate / contribute / learn and educate each other during each event.

More information will be posted to our social media pages about each event as they approach.

7th – World Smile Day

7th – World odd socks day

21st – Loud T-shirt day

31st – Halloween

Ryder is an honest and reliable person who finds joy in seeking new challenges. He is kind compassionate, has a great sense of humour and loves meeting new people!

When he isn't working, Ryder thrives outdoors and loves an adventure. He is very interested in marine life and will never pass up an opportunity to explore our oceans.

FUN FACT: Ryder is a qualified chef!

If you would like to find out more about Ryder, please head over to our website to read his BIO or contact our office at 1300 702 845.
